BAYVIEW PLACE – A MASTER PLANNED COMMUNITY VICTORIA, BRITISH COLUMBIA CANADA

Focus Equities is currently developing Bayview Place – a 20-acre master-planned neighbourhood just steps from downtown Victoria, British Columbia. This fast-growing community is perfectly positioned on the city's Songhees Peninsula, on Victoria's iconic waterfront. The site offers exceptional views of Victoria's Inner Harbour, the city, and beyond. Bayview Place sits proudly on a national heritage site and boasts an ideal mix of residential, commercial, and cultural elements. It is easily accessible via the new Johnson St. Bridge, and surrounded by local amenities.

Bayview One and the Promontory are now complete, and the retail and cultural precinct, The Roundhouse, is currently under construction.

BAYVIEW ONE

This 11-storey high-rise was Bayview Place's inaugural development, built in 2009 by Focus Equities. The elegant building consists of 134 condos, and five townhomes. Bayview One affords the privacy of a hilltop residence with breathtaking views, and Bayview Place's signature pedestrian-friendly neighbourhood access.

PROMONTORY

Promontory, the tallest building outside Victoria's core, was completed in summer 2014, and offers quality design by renowned and trusted builder BOSA Properties. The building consists of 21 floors of sweeping city, ocean and mountain views, with custom floor plans tailored to buyers' individual styles.

RAPIDLY EVOLVING URBAN SCENE

JOHNSON BRIDGE

The Johnson Street Bridge replacement project is currently under construction. The new single-leaf bascule bridge will be the largest of its kind in Canada, and confirms that Victoria West has arrived. The new crossing will include separate bike and pedestrian lanes going in both directions, connecting Victoria West more directly to the downtown and Inner Harbour.

INTERNATIONAL MARINA

This singular luxury marina will welcome some of the most notable oceangoing yachts in the Pacific, right at the footstep of Bayview Place. It is exclusively designed for luxury vessels, with 29 slips available for yachts from 65' to 150' in length, as well as concierge services for owners and guests.

TECH CULTURE

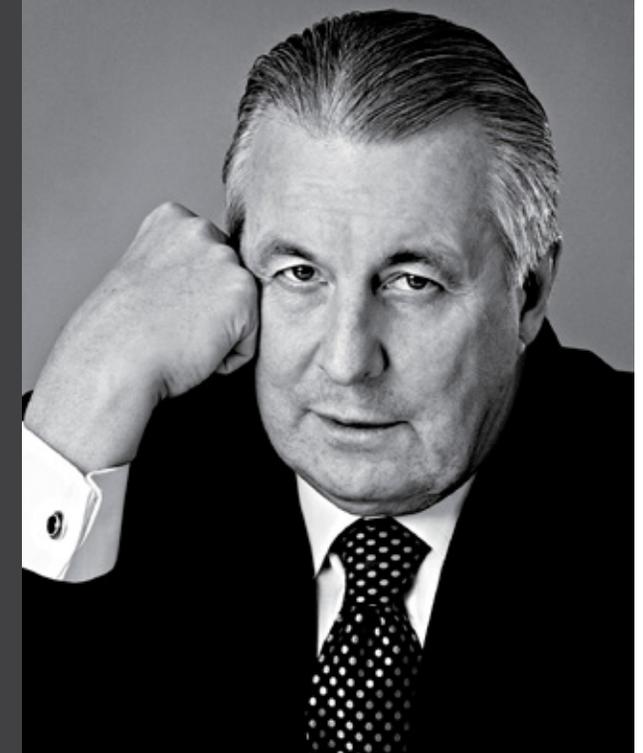

First time homebuyers and empty nesters continue to drive downtown sales, but so too does a thriving tech economy, and an increasingly vibrant downtown. There are currently more than 800 tech companies operating in the city, generating over \$2.6 billion annually—a major factor in Victoria's fast-changing cultural landscape.

VICTORIA WEST

Victoria West, often referred to as Vic West, is quickly becoming Victoria's newest spot for growth. A vibrant mix of urban professionals, families, and baby boomers recognize its burgeoning appeal and bright future. Growth here outstrips other downtown areas because of its wide array of land uses, which include parks, residential, retail, commercial, and industrial properties.

A PROVEN LEADER WITH A VISION OF COMMUNITY

PATRICIA MARIASH AND KENNETH W. MARIASH Sr. ARE REGARDED AS TWO OF THE MOST VISIONARY DEVELOPERS IN NORTH AMERICA AND HAVE TRANSFORMED MILLIONS OF SQUARE FEET INTO PROFITABLE COMMERCIAL AND RESIDENTIAL VENTURES.

“Our goal is to develop this neighbourhood as a destination for both local residents and visitors to Victoria. The success of the project will be measured by the people it attracts and the extent to which it becomes an ‘urban magnet’ within the city.”

Patricia Mariash and Kenneth W. Mariash, Sr., Owners, Focus Equities
